December 2, 2011

The Honorable Jon Leibowitz
Chairman
Federal Trade Commission
600 Pennsylvania Avenue, NW
Washington, D.C. 20580

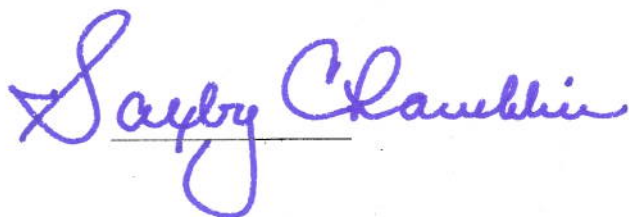

Dear Chairman Leibowitz:

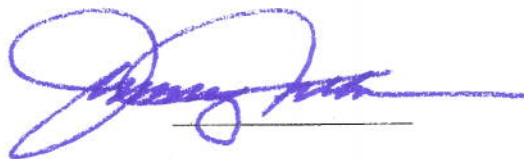

We are writing to you regarding the recent merger announcement between Express Scripts and Medco and to request that your office conduct a thorough and complete investigation, including examining any potential impact on consumers, patients, third party and federal payers.

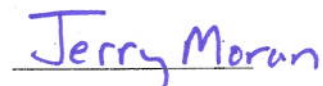

We understand that a combined entity has the potential to control 60% of mail order and 50% of the specialty market. With that type of market concentration, it is important that your agency works to see that access to health care is not limited.

We ask your office to take into account what impact this proposed merger could have on consumers and patients, on taxpayers, on the government, and on pharmacies. We appreciate your attention to this critical matter.

Sincerely,
