Chairman Camp Announces Republican Membership on Ways & Means Subcommittees for 112th Congress

Washington, DC- Moving quickly to get the Ways and Means Committee up and running, Chairman Dave Camp (R-MI) today announced the Chairman and the Republican members of the subcommittees for the 112th Congress.

"I congratulate the new members on each of the subcommittees," said Camp. "We have big challenges ahead of us to reinvigorate the economy and create jobs, pursue fundamental tax reform, repeal the job-killing health care law, expand our trade opportunities and improve our entitlement programs. These subcommittees will play a central role in crafting legislation on these issues. I have the utmost confidence in the chairmen and the members of each subcommittee to find solutions to these critical issues and restore Americans' confidence in our government."

###
