**Chairman Camp Announces
Ways and Means Subcommittee Chairmen for 113th Congress**

Washington, DC – Today, Ways and Means Chairman Dave Camp (R-MI) announced the Chairmen of the subcommittees for the 113th Congress.

“I congratulate the new and returning Chairmen of each of the subcommittees,” said Camp. “The Committee faces a very busy Congress as we work to make our economy stronger and healthier. Achieving that goal includes making the tax code simpler and fairer; aggressively pursuing new opportunities in the global marketplace while holding our trading partners accountable; and protecting, preserving and prolonging the life of our entitlement programs while reducing their costs to hardworking taxpayers. These Chairmen will be instrumental in accomplishing these objectives and creating an environment where America’s families and businesses can thrive once again. I look forward to working with all of them in the 113th Congress.”

###

The full list of current Ways and Means Committee members can be found [here](#). Subcommittee membership will be determined once the remaining vacant Republican position of the full Committee has been filled.
