"FLOOR ALERT"

August 29, 2020

TO: Members, California State Senate

**SUBJECT: AB 685 (GÓMEZ REYES) OCCUPATIONAL SAFETY: COVID-19
EXPOSURE: NOTIFICATION - OPPOSE - AS AMENDED AUGUST 25,
2020**

The California Chamber of Commerce and the organizations listed **OPPOSE AB 685 (Gómez Reyes)**. We are a broad coalition of public and private employers of all shapes and sizes across California, and we support the goal of the bill and have provided multiple rounds of amends. However, the present text still contains numerous substantive and technical issues which are unacceptable and will expose even good employers to substantial fines and Cal/OSHA enforcement. These remaining issues include:

- **Includes publication of COVID-19 cases by worksite (Section 6409.6. (g)) which will:**
 - **Provide no safety value because the data will be weeks old by the time it is posted, and the exposed employees will have already received notice. Moreover, COVID-19 spread is not surface-based pursuant to recent research.**
 - **Publicly shame even businesses for social spread – even if they are fully compliant with state and local requirements and had no control of the infections among their staff.**
- **Numerous technical errors and vague obligations, including:**
 - **Doesn't differentiate between testing of active COVID-19 cases versus testing for prior infections, despite Dr. Pan raising this issue at policy committee.**
 - **Utilizes three contradictory definitions of who must receive notice, including a vague requirement of providing notice to all who "may have been exposed." (Section 6409.6(a)(1),(3),(4)).**
 - **Unclear obligations to provide "information" on a variety of policies. (Section 6409.6(a)(3))**
 - **Requires large companies to send daily, state-wide emails repeatedly detailing cleaning policies. (Section 6409.6(a)(4)).**

Our coalition provided amends to fix these issues and go neutral - but they were rejected. For these reasons, and despite understanding of the goals of the bill, we **OPPOSE AB 685 (Gómez Reyes)**.

Sincerely,

Robert Moutrie
