

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
Funding Anomalies:						
Note: These funding anomalies were developed assuming a pay freeze.						
<u>Agriculture, Rural Development, Food and Drug Administration, and Related Agencies</u>						
Commodity Supplemental Food Program.....	Agriculture	Commodity Assistance Program	Calendar Year 2011 Caseload	171.409	176.788	+5.379
GPSA, Limitation on Inspection and Weighing Services Expenses.....	Agriculture	Limitation on Inspection and Weighing Services Expenses	Increased Limitation	[42.463]	[50.000]	[+7.537]
Healthy Food Financing Initiative (USDA).....	Agriculture	Office of the Secretary	A key component of the First Lady's <i>Let's Move!</i> initiative to combat childhood obesity. To authorize and fund new grant/loan program in the Office of the Secretary. This is both a funding and a language anomaly.	---	35.000	+35.000
CFTC, Funding for Dodd-Frank Implementation.....	CFTC	Salaries & Expenses	For salaries and related expenses, lease of office space, and IT	---	45.000	+45.000
CFTC, Funding for Pre-Dodd-Frank Authorities.....	CFTC	Salaries & Expenses	For salaries and related expenses, lease of office space, and IT	168.800	199.000	+30.200
<i>Note: CFTC is funded by the Agriculture and Rural Development Appropriations Subcommittee in the House and by the Financial Services Appropriations Subcommittee in the Senate.</i>						
<u>Commerce, Justice, Science, and Related Agencies</u>						
International Trade Administration.....	Commerce	ITA, Operations and Administration	National Export Initiative	447.200	515.200	+68.000
National Telecommunications and Information Administration.....	Commerce	NTIA, Salaries and Expenses	Maintain Current Oversight of \$4 billion in ARRA Broadband Grants	19.999	40.650	+20.651

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Defense</u>						
Afghanistan Infrastructure Fund.....	Defense	Afghanistan Infrastructure Fund (New Account)	New Start (authority) for DOD to use up to \$600 million within the current FY2011 request to fund infrastructure projects in Afghanistan that support the military's counterinsurgency objectives; funding provided by a \$400 million reduction to Army O&M CERP request plus authority to transfer \$200 million from other DOD accounts.	---	400.000	+400.000
Operation and Maintenance, Army	Defense	Operation and Maintenance, Army	Funding for the Afghanistan Infrastructure Fund would be provided by a \$400 million reduction to Army O&M CERP.	89,087.488	88,687.488	-400.000
Classified Activities (Details Available Under Separate Cover).....	Defense	RDT&E Air Force	Required to Avoid Harmful Delays in Delivery	---	378.444	+378.444
Classified Activities (Details Available Under Separate Cover).....	Defense	RDT&E Air Force	Required to Avoid Harmful Delays in Delivery	---	24.000	+24.000
Defense Health Programs.....	Defense	Defense Health Program	Updated funding level based on new estimates of 2011 Funding needs	30,534.370	32,333.200	+1,798.830
<u>Energy and Water Development</u>						
Cancellation of Yazoo Pumps Balances.....	Corps	Mississippi River & Tributaries	Cancellation of funds for project. Cancellation was included in 2011 Budget. \$35m of the cancellation is from emergency balances	---	-56.800	-56.800
ARPA-E Operations.....	Energy	Energy Transformation and Acceleration Fund	ARPA-E did not receive an appropriation in 2010	---	220.000	+220.000
NNSA, Defense Nuclear Nonproliferation.....	Energy	Defense Nuclear Nonproliferation	Secure all vulnerable nuclear material within four years, while continuing plutonium disposition and nuclear proliferation detection efforts	2,137.000	2,687.000	+550.000
NNSA, Naval Reactors.....	Energy	Naval Reactors	Funding is needed to maintain the schedules for 4 projects: reactor design for OHIO class replacement submarine, refueling of the land-based prototype for the life-of-the-ship OHIO class replacement core, early design work for the Spent Fuel Handling Project, and new and ongoing construction	945.100	1,070.500	+125.400

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
Title 17.....	Energy	Title 17 Innovative Technology Loan Guarantee Program	Increasing Loan Authority by \$9 billion (to \$27.5 billion) to allow for all four scheduled Nuclear Power Project loans/up to \$380 million in Credit Subsidy for Innovative Energy Efficiency and Renewable Energy Projects	---	470.000	+470.000
<u>Financial Services and General Government</u>						
Dodd-Frank Act Implementation.....	Treasury	Salaries and Expenses, Departmental Offices	Funds new responsibilities under the Dodd-Frank Act	302.300	319.000	+16.700
Internal Revenue Service (IRS).....	Treasury	Operations Support/Enforcement/Business Modernization Systems	Additional funding for operations support (+\$76m), program integrity (+\$50m), and tax systems modernization initiative (+\$100m)	9,852.000	10,078.000	+226.000
EOP, National and Homeland Security Councils.....	EOP	National Security Council and Homeland Security Council	Annualization of Staff Increases	12.231	13.984	+1.753
Judiciary Funding Level.....	Judiciary		This agency has pass-through authority	6,405.000	6,547.000	+142.000
Small Business Disaster Loans.....	Small Business Administration	Disaster Loan Program Account	2010 enacted level was artificially low due to large carryover from 2009	77.000	203.000	+126.000
<u>Homeland Security</u>						
Customs and Border Protection.....	Homeland	CBP, Salaries and Expenses	Journeyman level grade increase	---	310.400	+310.400
FEMA, Flood Insurance Operating Expenses.....	Homeland	National Flood Insurance Fund	State Farm Opt Out	[85.000]	[110.000]	[+25.000]
Transportation Security Administration.....	Homeland	Surface Transportation Security	Annualization of Funds for 15 new Visible Intermodal Prevention and Response Teams (\$25 million) and Surface Inspector Annualization (+\$7.1m)	32.100	64.200	+32.100
Transportation Security Administration.....	Homeland	Aviation Security	Air Cargo Inspector Annualization (+\$3.450 million), Bomb Appraisal Officer Annualization (+\$4.9 million)	8.815	17.165	+8.350
U.S. Citizenship and Immigration Services.....	Homeland	U.S. Citizenship and Immigration Services	Fee Reform Appropriations Spending Rate - Asylum and Refugee Surcharge	50.000	201.000	+151.000
United States Secret Service.....	Homeland	U.S. Secret Service, Salaries and Expenses	Uniformed Division Modernization Act - New Salary Table (+\$8m) and Candidate Nominee Protection (+\$14m)	---	22.000	+22.000

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Interior, Environment, and Related Agencies</u>						
Bureau of Ocean Energy Management, Regulation and Enforcement	Interior	Royalties and Offshore Minerals Management; Oil Spill Research	Increase total BOEMRE funding for offshore oil and gas oversight and inspections to the level requested in the FY 2011 Budget Amendment submitted to Congress in September. Of the total, \$155 million would be derived from historical offsetting collections and another \$45 million would come from higher OCS inspection fees. (See also non-funding entry)	210.110 [154.890]	264.890 [199.890]	+54.780 [+45.000]
<u>Labor, Health and Human Services, Education, and Related Agencies</u>						
Unemployment Insurance Administrative Funding.....	Labor	State Unemployment Insurance and Employment Services Operations	Needed to fund the projected caseload in 2011	3,195.000	3,265.000	+70.000
Worker Protection/Misclassification, Departmental Management.....	Labor	Salaries and Expenses	Includes +\$10m for misclassification enforcement, +\$30m for EBSA, and +\$10m for other activities	---	50.000	+50.000
Continue Mine Safety Backlog Reduction Project.....	Labor, FMSHRC	DOL: Departmental Management and Mine Safety and Health Administration (MSHA); and Federal Mine Safety and Health Review Commission (FMSHRC)	Increase to support backlog reduction project. Includes +\$23.2m for DOL Departmental Management with language to transfer "such sums as necessary" to MSHA as included in FY10 supplemental (P.L. 111-212); +\$1m for DOL MSHA; and +\$5.348m for FMSHRC.	485.099	514.647	+29.548
Assistant Secretary for Preparedness and Response.....	HHS	Public Health and Social Services Emergency Fund	Consolidated Office Space	---	10.000	+10.000
CMS Operations (totals do not include funding for High Risk Pools).....	HHS	CMS, Program Management	CMS workforce and increased administrative and operational funding (+\$76 million), CMS data infrastructure and security systems (+\$110 million), reprocess 380 million claims from temporary SGR fix and provider payment changes (+\$170 million)	3,415.000	3,771.000	+356.000

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
General Departmental Management.....	HHS	General Departmental Management	General Inflationary Increases in Centralized Services and Facility Rent Charges, Performance and Program Integrity, Acquisition Reform, FOIA Backlog, Financial Management, Transparency, Grants Management	490.439	544.149	+53.710
Healthy Food Financing Initiative (Community Economic Development)...	HHS	Children and Family Services Programs	A key component of the First Lady's Let's Move! initiative to combat childhood obesity	36.000	36.000	---
HRSA, Health Workforce.....	HHS	Health Resources and Services	Build Capacity of the Health Professions Workforce - Expand and Sustain Training Efforts	496.835	746.835	+250.000
Pell Grants.....	Education	Student Financial Assistance	Pay for estimated full cost of \$4,860 maximum award	[17,495,000]	[23,162,000]	[+5,667]
Race to the Top.....	Education	Innovation and Improvement	Funds an additional competition for this program, which was first funded under ARRA. A language anomaly below would allow ED to also compete at the school district level. See non-funding item below.	---	800.000	+800.000
Student Aid Administration.....	Education	Student Aid Administration	Provides funding necessary to implement SAFRA, particularly the increased servicing costs associated with 100% Direct Loans.	806.000	994.000	+188.000
Social Security Administration (SSA).....	SSA	Limitation on Administrative Expenses	Increased administrative funding to prevent furloughs and rise of backlog	11,426.000	11,866.000	+440.000
<u>Military Construction, Veterans Affairs, and Related Agencies</u>						
Veterans Benefits Administration, General Operating Expenses.....	Veterans Affairs	General Operating Expenses	Sustainment of Civilian Pay and Related Expenses	1,689.000	2,149.000	+460.000

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>State, Foreign Operations, and Related Programs</u>						
Afghanistan, Pakistan, Iraq, and other International Funding.....	State/USAID	Foreign Military Financing, Pakistan Counterinsurgency Capability Fund, Economic Support Fund, INCLE, Diplomatic and Consular Programs	Foreign Military Financing (+313m), Pakistan Counterinsurgency Capability Fund (+200m), Economic Support Fund (+525m), INCLE (+115m), and Diplomatic and Consular Programs (+616m)	22,402.000	24,171.000	+1,769.000
Global Health Initiative.....	State/USAID	Global Health and Child Survival	Supports the Global Health Initiative	7,779.000	8,101.000	+322.000
International Boundary and Water Commission, Construction.....	State/USAID	Construction	Reduction of funding due to the elimination of non-recurring costs	43.250	26.900	-16.350
International Boundary and Water Commission, S&E.....	State/USAID	Salaries and Expenses	Increased funding for Nogales and South Bay wastewater	33.000	47.431	+14.431
Asian Development Bank General Capital Increase.....	Treasury (International)	Contribution to the Asian Development Bank	Asian Development Bank General Capital Increase. This also requires authorization language (see below).	---	107.000	+107.000
Global Food Security Fund.....	Treasury (International)	Global Food Security Fund (new account)	Global Food Security Fund	---	150.000	+150.000
Inter-American Investment Corporation.....	Treasury (International)	Contribution to the Inter-American Development Bank		5.000	21.000	+16.000
<u>Transportation, Housing and Urban Development, and Related Agencies</u>						
Federal Aviation Administration.....	Transportation	FAA, Operations	NATCA contract costs and annualization (+\$144 million) of FY 2010 safety inspectors (+\$19 million)	9,350.000	9,513.000	+163.000
Housing Voucher Assistance.....	HUD	Tenant-Based Rental Assistance	Funding levels exclude \$4B already enacted as advance appropriations for FY 2011	14,184.000	14,789.000	+605.000
Project-Based Rental Assistance.....	HUD	Project-Based Rental Assistance	Funding levels exclude funding already enacted in advance appropriations (\$400m for 2010 and \$394m in 2011)	8,158.000	8,982.000	+824.000

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
Non-Funding Anomalies:					
<u>Agriculture, Rural Development, Food and Drug Administration, and Related Agencies</u>					
Child Nutrition Programs - Section 32 Transfer.....	Agriculture	Child Nutrition Programs			Due to technical errors in the drafting of Section 14222(b), the transfer amount and purpose needs to be specified in annual Child Nutrition appropriations language.
Food, Conservation, and Energy Act of 2008 ("Farm Bill").....	Agriculture	Various accounts			Without the authority to use program funds for administrative expenses and technical assistance, agencies would not be able to implement the Farm Bill programs.
Authority, Medical Countermeasure Strategic Investor.....	HHS				In August, the Secretary of HHS released the Department's review of the medical countermeasure enterprise. To support implementation of the Review's recommendations, the Administration submitted a budget amendment requesting authority to create a new strategic investment corporation with up to \$200 million by transferring funds from the BioShield Special Reserve Fund within HHS. Legislative language is required in order to implement this activity.

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
FDA Medical Countermeasures.....	HHS		On August 20, 2010, the President requested a budget amendment to allow FDA to use existing pandemic influenza appropriations to support a broad array of MCMs activities. These activities include accelerating the development of urgently needed MCMs to protect the American public against chemical, biological, radiological, and nuclear (CBRN) threats, as well as naturally occurring infectious disease. If the bill language in the budget message is not enacted, FDA will be limited to using MCM funds for pandemic influenza activities.			
<u>Commerce, Justice, Science, and Related Agencies</u>						
Transfers to Spur Regional Economic Growth, Job Creation.....	NASA		Language is needed to make up to \$100 million available at the beginning of FY 2011 to help soften the impact of job layoffs associated with Shuttle retirement. Although the final Space Shuttle flight will not occur until February 2011 at the earliest, NASA's workforce transition, retirement, and disposition plans continue to result in workers being laid off as the Shuttle components production is closed down. This anomaly request permits a transfer of CR funding from NASA's Exploration and Space Operations accounts to the Departments of Commerce (DOC) and Labor (DOL) to spur regional economic growth and job creation, and to the Federal Aviation Administration (FAA) for commercial space activities. Many of the activities supported by this anomaly will be occurring along the Florida Space Coast, but other regions impacted by the Shuttle retirement will also benefit.			

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Defense</u>						
Littoral Combat Ship.....	Defense		After receiving attractive bids from the two competitors, the Navy is seeking to revise its acquisition strategy to procure 10 ships from each of the two bidders, for a total of 20 ships. To proceed with this new approach the Navy needs to have the existing legislation revised, which only allows the Navy to do one 10-ship block buy. Bids from the two competitors expire on December 14th so the Navy requests legislative action by December 4th to allow time for final contract actions.			
Task Force for Business and Stability Operations (TFBSO).....	Defense		The TFBSO needs authority to continue business development efforts in Afghanistan to support ongoing military operations. The goal of these efforts is to help stabilize the country and reduce violence by increasing economic and employment opportunities (e.g., banking and financial system development, agricultural diversification and revitalization, and energy development).			
<u>Energy and Water Development</u>						
Prevent Asian Carp from Establishing in the Great Lakes.....	Corps	Construction	Legislative language is needed to expand the geographic scope of provided authority to also cover other hydrologic connections between the Great Lakes and Mississippi River basins.			

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Financial Services and General Government</u>						
Community Development Financial Institutions Fund Adjustment.....	Treasury					
			This request does not change the overall funding level for the CDFI Fund, but reallocates funding among different activities within the CDFI Fund account, including . The Anomaly Allocation includes \$25 million for the Healthy Food Financing Initiative, a key component of the First Lady's <i>Let's Move!</i> campaign. As offsets, the request eliminates funding within the CDFI Fund for the Capital Magnet Fund (-\$80M) and the Bank Enterprise Award program (-25M). Funding levels for priority programs within the CDFI Fund are specified in bill language, so cannot administratively alter 2010 program allocation without legislative language.			
Extension of Three Temporary District Judgeships.....	Judiciary	Title III Administrative Provisions – The Judiciary	Extends for one year three temporary district judgeships: the District of Kansas to November 21, 2011; the Northern District of Ohio to November 15, 2011; and the District of Hawaii to October 7, 2011.			
Federal Buildings Fund.....	GSA		Language is necessary to provide the GSA with the statutory authority to expend funds to conduct normal operations including payments to lessors for the rental of space for tenant agencies and building operations including utilities and janitorial services. Without language, GSA would not have the authority to spend the offsetting collections received from tenant agencies in excess of the level permitted in the FY 2010 Appropriations Act.			
Office of Federal High-Performance Green Buildings.....	GSA	Government-wide Policy	Language is needed to allow the transfer of proposed funding from the FBF to the Government-wide Policy account to ensure continued operation of the Office of High Performance Green Buildings			

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Interior, Environment, and Related Agencies</u>						
BOEMRE Reorganization/Reform	Interior		This anomaly would provide general authority to implement the Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE) reorganization and increase OCS inspection fees. (See also funding entry for BOEMRE funding increase.)			
Extend BOEMRE review period for offshore exploration plans.....	Interior		This language change would extend the statutory period that BOEMRE has to review offshore oil and gas exploration plans from 30 to 90 days. In the wake of the Deepwater Horizon explosion and subsequent spill, it is clear that 30 days is not an adequate period to review these plans.			
Language for Carcieri fix.....	Interior		A language change that would clarify and reaffirm the Secretary's authority to take land-into-trust for all federally recognized Indian tribes and eliminate the potential for protracted and costly litigation as to whether acquisitions under the Indian Reorganization Act are permissible in light of the Supreme Court's decision in <i>Carcieri v. Salazar</i> .			
<u>Labor, Health and Human Services, Education, and Related Agencies</u>						
UI Requirements for Short-Term Comp Programs.....	Labor		The requested language would clarify Federal requirements relating to short-time compensation (STC, or "work-sharing") programs under which employers reduce the workweek of their employees in lieu of temporary layoffs and the affected employees receive a pro-rata share of their weekly benefit amount for the period not worked. The language would permit States with such programs to require employers to enter into a plan with its employees and have the plan approved by the State UI agency prior to paying STC.			

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
CURES Acceleration Network (CAN).....	HHS		CAN cannot be implemented without an anomaly because appropriations must be specifically designated for CAN. Without an anomaly, the directive to establish the CAN Board will be delayed and scientific opportunities for this critical program will be lost until the next fiscal year.			
DOD Facility Funding Source—Flu/Biodefense.....	HHS		In August, the Secretary of HHS released the Department’s review of the medical countermeasure enterprise. To support implementation of the Review’s recommendations, the Administration submitted a budget amendment requesting authority to support the construction of a DOD medical countermeasure facility by transferring up to \$200 million in funds from the BioShield Special Reserve Fund within HHS. Legislative language is required in order to implement this activity.			
Health Center Tort Claims – Maintain Operations.....	HHS	Health Resources and Services	It is anticipated that the rate of claims adjudicated or settled will increase during FY 2011. Without the increase in funding (which will be available from within funds provided by Section 101 for HRSA), it is likely that the Fund will be depleted early in the fiscal year and claims will not be paid until additional funds are available.			
Race to the Top.....	Education		This language would give the Secretary of Education authority to make awards to States or to local educational agencies, or both, rather than just to States as is permitted under the current authorization. Also see funding item above.			

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
<u>Military Construction, Veterans Affairs, and Related Agencies</u>					
Authority for 2-Year Availability for the Advance Appropriation	VA	Medical Services, Medical Support and Compliance, and Medical Facilities			Permanently cancels funding that was appropriated for FY 2011 in Public Law 111-117 and newly appropriates the funds with the longer period of availability.
<u>State, Foreign Operations, and Related Programs</u>					
Afghanistan Supplemental restrictions.....	State/USAID				Sec. 1004(c)(1)(C), and (d)(1) of Public Law 111-212 include criteria concerning respect for women's rights that cannot be met, as only progress is being made in this regard. Subsection (e) poses other factual issues precluding funding for the electoral commission despite the Department of State's relative confidence in how it is constituted. The Secretary could not provide these as currently constituted. This anomaly would ease these restrictions.
Economic Support Fund, Palestinian Authority Budget Support Cap.....	State/USAID				The Palestinian Authority (PA) relies on donors, and heavily on the U.S., to provide budget support to maintain its ability to function. The FY 2011 President's Budget included a \$200 million cap for budget support, an increase of \$50 million from the FY 2010 cap, due to increased needs. It is important that the PA remains financially stable as they work with others towards a two-state solution. This additional \$50 million from within the Economic Support Fund is vital to enabling this process to advance.
Extension of CIPA Cap Lift.....	State/USAID	Contributions for International Peacekeeping Activities (CIPA)			Absent an anomaly, the cap will revert to 25 percent for assessments preventing them to be paid in full, causing arrears.

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
Funding Ceilings.....	State/USAID		An anomaly is needed to overcome the FY 2010 ceilings. The preferred option would be to advocate for the elimination of the funding ceilings altogether. If unfeasible then would seek to deem new ceiling levels to accommodate necessary increases: Funding Ceilings for Assistance for Iraq, West Bank/Gaza, Central America Regional Security Initiative and Climate Change/Environment.			
Transfer authority from INCLE to D&CP and ESCM.....	State/USAID	Diplomatic and Consular Programs (D&CP); Embassy Security, Construction, and Maintenance (ESCM)	Provides authority to transfer up to \$50 million from INCLE appropriation to the D&CP account and ESCM account for costs associated with standing up the Embassy Branch Offices and Consulates in Iraq.			
Asian Development Bank General Capital Increase authorization.....	Treasury (International)		Authorization is required for U.S. participation in the fifth General Capital Increase of the Asian Development Bank; Funding component also needed (see funding item above).			
Asian Development Fund authorization.....	Treasury (International)		Authorization is required for U.S. participation in the ninth replenishment to the Asian Development Fund			
Haiti Debt Relief Authorization.....	Treasury (International)		Authorization to transfer up to \$36M from the Debt Restructuring Account for the U.S. share of an increase in the resources of the Fund for Special Operations (FSO) of the Inter-American Development Bank. Necessary to authorize the final piece of the U.S. contribution to the FSO, which is instrumental in providing IDB debt relief and grant financing for Haiti in accordance with the Cancun Declaration of March 21, 2010.			

ANOMALIES FOR A FULL-YEAR CR
(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

	<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
Highly Indebted Poor Countries (HIPC) Authorizations.....	Treasury (International)		Extend sunset dates of the authorizations of appropriations from 2010 to 2013 for U.S. bilateral debt reduction under the HIPC Initiative and U.S. contributions to the HIPC Trust Fund. The HIPC Initiative provides debt reduction for heavily indebted poor countries that demonstrate commitment to economic reform and poverty reduction, and allows HIPCs to free up resources to be used to promote economic growth and reduce poverty.			
Industrial Logging Prohibition.....	Treasury (International)		A technical fix is required to avoid an irresolvable and continuing legal liability associated with U.S. contributions to Multilateral Development Banks			

Transportation, Housing and Urban Development, and Related Agencies

Maine and Vermont Truck Weight Limit.....	Transportation		Legislative language is needed to make permanent the pilot program created in the 2010 THUD Appropriations Bill. The program allows Maine and Vermont to increase truck weight limits on their interstate highways from 80,000 lbs. to 100,000 lbs., matching the limits in neighboring States of New Hampshire and Massachusetts. Prior to the pilot program, commercial vehicles weighing over 80,000 lbs. were able to drive on State and local roads, but not on interstate highways. The program is aimed at improving safety on local roads and increasing efficiency of commercial trucking in the region. If the anomaly is not granted, the pilot program would not continue after December 17, 2010.			
ICH statutory fix: extension of sunset language.....	U.S. Interagency Council on Homelessness (ICH)	U.S. Interagency Council on Homelessness	ICH's statutory sunset was October 1, 2010, but has been extended to the end of the current CR period. While a full-year CR would presumably continue this extension practice, because this sunset would now be in less than a year, ICH cannot provide benefits to any new employees that they hire during the period of the CR per Office of Personnel Management regulations. In order to allow ICH to provide benefits to new employees, the sunset date needs to be extended through October 1, 2012.			

ANOMALIES FOR A FULL-YEAR CR

(BA in millions of dollars)

Note: This list assumes that all of the anomalies included in the first CR through December 3rd (P.L. 111-242) will be retained, unless a stand-alone authorization was enacted subsequently that replaced the need for such an anomaly.

<u>Agency</u>	<u>Account</u>	<u>Description</u>	<u>2010 Level</u>	<u>Full Year CR Level</u>	<u>CR Add</u>
