## **HHS Finally Issues Obamacare Waiver Application Denial List**

*Let Freedom Ring Among Many Demanding Information*

**Philadelphia, PA**—The Department of Health and Human Services has finally issued a list of those companies who have been **denied a waiver** from the **harmful provisions of ObamaCare**.

According to Philip Klein, Senior Writer of the Washington Examiner, “On conference call, HHS is saying this was the plan all along and not a response to the criticism of the waiver process.”

*Let Freedom Ring* President Colin Hanna has been asking for such a list, and even led a strong coalition of conservative organizations, in demanding that individuals be allowed to apply for waivers from the provisions of ObamaCare that harm them, as they are currently not allowed to do. A web site was set up, [www.WheresMYWaiver.com](http://www.WheresMYWaiver.com), where individuals can apply for waivers.

*“It is unbelievable,” said Colin Hanna, president of Let Freedom Ring. “that a government agency can decide with a stroke of a pen who is exempt from a healthcare plan that very few now want to support. But when regular Americans want the same provision, the answer is ‘no.’ And when Americans want to know who was denied a waiver and why, the answer is ‘no.’ Whatever happened to President’s Obama campaign pledge for unprecedented transparency? If anything, we’ve only seen unprecedented obfuscation.”*

While special interest groups like AARP receive waivers, millions of Americans have been left asking **“Where’s MY Waiver?”** *Let Freedom Ring* has filed a Freedom of Information Act (FOIA) requesting documents pertaining to why certain companies were denied waivers.

[WheresMYWaiver.com](http://WheresMYWaiver.com) is a coalition initiative lead by Let Freedom Ring that seeks to educate the public about the Obama Administration’s arbitrary process of granting waivers from ObamaCare and empower citizens to demand a waiver from the provisions of the law that harm them.
