Office of the Press Secretary

FOR IMMEDIATE RELEASE

November 14, 2011

**Statement by White House Communications Director Dan Pfeiffer on the
Supreme Court and the Affordable Care Act**

Earlier this year, the Obama Administration asked the Supreme Court to consider legal challenges to the health reform law and we are pleased the Court has agreed to hear this case. Thanks to the Affordable Care Act, one million more young Americans have health insurance, women are getting mammograms and preventive services without paying an extra penny out of their own pocket and insurance companies have to spend more of your premiums on health care instead of advertising and bonuses. We know the Affordable Care Act is constitutional and are confident the Supreme Court will agree.
